

**Town of North Rustico Council  
REQUEST FOR DECISION**

Topic: Autumn Lane / Abegweit Lane concerns

<b>Date:</b> 2019/11/06	<b>Request No:</b> (Office Use Only) 2019-27
----------------------------	---

<b>Person:</b> Laurie Gallant	<b>Representing:</b> Spring St (odd #'s)
----------------------------------	---

**Background:** I've attended all public meetings & been a past member of the development. None of the recommendations were put in place. This resulted in many issues that are difficult to rectify. Some of lots, park, privacy trees, protection from flooding.

**Request:** To provide feedback to council re errors made  
 1) Why was swale not put in place prior to lots being sold? dev  
 2) Why has it taken so long to rectify? 3) Why has council committee  
 been so unwilling to take all of this into consideration prior to this problem? As they were forewarned for 8+ years.

Advantages	Disadvantages
dealt with without litigation errors shouldn't then be repeated.
